

NORTH TORRANCE TATTLER

By MRS. ILENE ALLISON
MEt 4-2130

Crenshaw Crest residents were, weather. After several post-undaunted by the "unusual" ponements the street light deal-

CONGRATULATIONS . . . Mayors Bob Haggard (second from right) congratulates Mike Hardin for his part in raising the funds to install street lights in North Torrance while Councilman Willys Blount (far right) and other North Torrance residents look on. (Herald photo).

tion came off as scheduled. Perhaps you already know we are now "lit." It was a gay group who danced in the street at 171st and Glenburn this Saturday. We were honored by the presence of Mayor Bob Haggard and Councilman Willys Blount. Ed Collins proved a very efficient master of ceremonies, introducing several celebrities, including our own Sandy Gulbranson, our bid for Miss Torrance 1951. Hot coffee was indeed welcome on this bright evening. We salute the committee who helped us take another step forward.

PTA President Mrs. Ralph Mc-Bee, 17315 Atkinson, entertained the board members at a luncheon on February 27. A yearly report was given. Those enjoying Mrs. Mc-Bee's ham and trimmings were: Principal Donald Woods, Mrs. Jules Ross, Mrs. Duane Showwood, Mrs. Harry Van Bellechem, Mrs. William Sale, Mrs. Walter Bronson, Mrs. S. K. O'Dell, Mrs. Gerschel Babb and Mrs. Arton Weibe.

North Torrance Civic Association will hold a pie and cake sale at Manor Market on Saturday, March 10. If it's home-made pies you want, there is the place to look up.

The rag drive was a huge success, according to Mrs. William Sale, ways and means chairman of North Torrance PTA.

Two young students of Pepperdine College are doing a swell job with the youngsters at Mc-Master Hall these days. Drop by and say hello to Miss Elizabeth Edson and Ed Mcgrheblain who, since January, have taught the boys and girls games of every sort and crafts. Many are weaving baskets. Ed urges more to enter the city-wide kite contest finals March 24. His services are available 3-5 week days and all day Saturday. Volleyball teams and softball teams are in the making. Teen-agers are also welcome. Both Elizabeth and Ed have the children's interest at heart. For proper supervision, free movies, games, bring your lunch and spend a day at Mc-Master Hall, 174th and Yukon.

We are sorry to lose Mr. and Mrs. Cliff Nelson of 3318 West 17th street. The Nelsons are moving to their new home at 2510 Via Campesina, Palos Verdes Estates. Audrey has been neighborhood chairman of the Girl Scouts in this area and a very fine worker. She will be missed immensely. Mrs. Francis Payne of 1060 West 160th street, Gardena, is taking her place.

Mr. and Mrs. Raymond Adamson, 17027 Glenburn avenue, spent Wednesday and Thursday of last week at Big Bear Pines Lodge. The Adamsons are contemplating building on their property at Sugar Loaf Hill. Due to the lack of snow at Big Bear

this season, they have tried dropping dry ice in the clouds to make synthetic snow. It was very novel, but not too effective.

John Bush, from the Truman Browne tract, has been ratified as the Perry School P.T.A. Civilian Defense chairman.

On Wednesday of last week the Tartar Knights and Ladies of Torrance High School attended a dance at Hollywood Paldium and later were guests of Coach Eddie Cole for a spaghetti dinner. Among this group was Jerry Downing of 17039 Glenburn.

Mrs. Alex Bates, 17039 Glenburn, received a surprise visit from her son, Leroy Downing-QM3, who is stationed at San Diego. Leroy is helping to take his ship yet to be commissioned out of mothballs.

The friends and neighbors of Mrs. J. H. Snyder, 18239 Ashley, were grieved and shocked over her sudden death. Maria, known for her cheery countenance, will indeed be missed. Flowers from neighbors and organizations of which she was a member have been sent. Our sympathy is with Mr. Snyder and son Gordon on leave from the Navy. Services were held Tuesday at Stone and Myers in Torrance.

At the Torrance Council PTA meeting held at Waleria School this past week, North Torrance was well represented by seven members. Mrs. Jules Ross, 17209 Delia, was elected treasurer, and Mrs. A. D. Cowie, 4418 182nd street, Redondo, was elected president.

We have in our midst a potential popularity queen of Torrance High School. A very attractive young lady with plenty of personality. This person is no other than Sandy Gulbranson, 16937 Elgar. Sandy's success depends upon your generosity. This contest is in connection with the YWCA building fund. Let's get behind Sandy. The contest ends March 31.

Did you ever wonder how your neighbor's wife could cook? Now is your chance. According to Dave Dyer, ways and means chairman of North Torrance Civic Association, a box supper is scheduled for March 17, St. Patrick's Day, at McMasters Hall. Dinners for two will be gaily wrapped and auctioned to the highest bidder. Haven't seen one of these "shindigs" since back home. Should prove a lot of fun.

The Perry PTA is planning a bazaar to be held at the school sometime in April. A series of "open house" affairs will be held and any lady caring to join in the sewing for this event is heartily welcome. The first meeting is to be held at the home of Mrs. Wright, 18328 Roslin, president of PTA. She told this reporter she planned to make Tacos for the group; that alone should entice many out for a few hours of sewing for the cause.

HEALTH-O-GRAM

By Dr. R.A. Larson, D.C., Ph.C.

Have you had the flu? Do your muscles and joints ache? If you are feeling below par, have no pep or energy, the trouble may be due to toxins in your body. These toxins are varied in form and attack different people in various ways. One person may have neuralgia if the nerves are affected. Another person may have muscular rheumatism. The complaints that can be caused by toxins or metabolites in the body tissues, joints and organs could make a long list.

The body can cure itself when given a chance. The method whereby this may be accomplished is so simple it is often overlooked. How can this be accomplished you may ask? The answer is the use of a scientific form of Swedish Massage, known as the Ling System. I use the same form of therapy as taught to me by my mother, Jennie Larson, who learned this marvelous therapy as a girl in Stockholm, Sweden.

This method of treatment is the scientific application of therapeutic massage to either stimulate or relax the tissues of the body so that nature can restore normal function. In my office I use this therapy only where it is indicated.

In circulatory disturbances, massage acts favorably on the principle of a combined suction and force pump. The intermittent squeeze and release of the operator's hand push along the contents of the superficial veins, and blood passes more rapidly through the parts manipulated. After scientific massage there is an increase of red blood cells in the superficial vessels amounting to from 40 to 50 per cent. The red blood cells carry oxygen to starved tissues and another cure is made.

Many people come in for one complaint and receive relief for something they considered chronic. Perhaps our methods may help you too.

R. A. Larson, D.C., Ph.C.

CIVIL DEFENSE

The Red Cross First Aid training course has been presented to more than 500 residents of Torrance in the past 30 days. The Office of Civil Defense enjoys the privilege of publicly thanking the Red Cross chairman of First Aid, Mrs. William Mahon and the director of Adult Education of our city schools, Mr. Donald Manashaw, and the instructors who are devoting their services to this fine work. The following instructors are now conducting classes for Torrance residents. The number after each name denotes the number of classes conducted each week. Lt. Stidham, 6; Dwight Crum, 2; Mrs. Myrtle Novacek, 3; Clyde Satterfield, 1; Miss Morrison, 1; Miss Ruth Mazak, 6. Nineteen classes each week is a fine record for any city.

The Office of Civil Defense would appreciate communications from the western area of Torrance regarding a desire to have the Civil Defense program extended in that area. This would include the residents living west of Madrona avenue, south of 190th street, and north of Sepulveda boulevard. For the reason there are no available central meeting places, I would be pleased to bring the information to your homes where six or eight people representing a neighborhood, might attend.

"The Super Market With the Country Store Flavor"

HINCKLEY'S

Limit Rights Reserved. Sales Tax added to Taxable Items. Located at 24020 Narbonne Ave. - Lomita 444 SPECIALS For Thurs., Fri., Sat. March 8, 9 & 10

FOOD FOR THOUGHT

Have you ever stopped to realize that true economy is not only the savings you get on Hinckley's week-end specials BUT also the low Hinckley's shelf prices throughout the week, months and years. Hinckley's give you savings both of these ways because their family method of doing business has done away with all of the expensive frills.

The same goes for our meat departments (personal counter or self-service) where not only savings but top eating satisfaction is definitely proven by our low prices on U. S. GOVT. GRADED GOOD BEEF. Why don't you stop in and let us prove it to you?

Every section of our store has been developed to save you money . . . to save you pennies on every item . . . pennies that soon grow into dollars. Get the Lomita habit of the hundreds who have for years known that Hinckley's is a good place to save, a good place for friendly service, and a good place for quality foods.
